Girl, you know we're just friends
 {Oh... oh... oh... oh...}
Yeah {Yeah... yeah... yeah... yeah...}
 Holler... holler... holler... {Woo}
She's nothin' but a friend, {We're just friends}
Just friends (Just friends)[Just friends]
 (My friend) [Just friends]
(Uh-huh, uh-huh)Now let me tell you 'bout the other day
 Met this girl from around the way
 She said that she'd been checkin' me
 She let me know she wanna get with me
 I told her that I had a girl
 But she said that she didn't care
 Now tell me what the hell am I supposed to do
She's built like Halle and she look like new,It didn't start out that way
 But now we're on the phone almost every day {Every,
 every day}
 Then it's a rendezvous for me and you
I'm tellin' my girl I'm workin' lateJust don't let it get outta hand {Oh, why}
 Cause I could never ever be your man
 If we go too far I'll break your heart
 So girl, you know that we can just beFriends
 How many of us have them [Just be friends]
 Friends
 A lover that we can depend on
 Friends [Oh, yeah]
 Before we go any further [Before we go any further]
 You know that I got my lady at home
 And you're faced with the reality that we're just
 friendsWe agreed to keep it on the low
 I can't let nobody know
 So you guess by now that I had to get it
I can't front, I might as well admit itSad thing is I know I'm wrong
 This fly girl she turned me on
 I don't know, I guess it's just the dirty dog in me
Her love is so good, it just be calling, calling meIt didn't start out that way {Oh}
 But now we're on the phone almost every day {Every
 day}
 Then it's a rendezvous for me and you
Tellin' my girl I'm workin' lateJust don't let it get outta hand {Outta hand}
 Cause I could never ever be your man {Oh, oh, oh, oh,
 hey}

If we go too far I'll break your heart
 So girl, you know that we can just be Friends
 How many of us have them
 Friends {Whoa, we are friends}
 A lover that we can depend on {Ooh-wee} Friends {Just be friends}
 Before we go any further {Just be}
 You know that I got my lady at home
 And I'm sorry, sorry (No) I can't see you on my birthday
 (No) I can't see you on my holidays
 I know this sounds harsh to you
 But this is just the way we gotta do F-R-I-E-N-D-S
 Nothin' more and nothin' less
 Just friends {Just friends}
 Just friends, friends, friends, friends Uh, yeah
 Check it out, yo:
 We was friends, everything was cool as a fan
 Two months ago you's about to move wit' your man
 Now you see the young boy movin' Sedans
 You 'bout to self-destruct, girl, ruin your plans
 I gave you love like The Sizzler, club gettin' twist up,
 You the first to get a whole bottle of Cris', what
 But in front of me ma, he gettin' lift up,
 I'm the big brother you call to come fifth up
 So how you makin' the club, pokin' your lips up
 Tell him, still give you some love' Give you a kiss'
 what?
 You sound like you outta your mind
 How I look grabbin' your hair re-aligning your spine?
 We probably eat and a bottle of wine
 Girl, you wrong and you lyin', that's the reason you
 cryin'
 But I'm a player, how I'm 'posed to react?
 When my friends run up on me like that, help me out,
 y'all Friends {Friends} [You be my friend]
 How many of us have them [I'll be your friend]
 Friends [We can all be friends, yeah]
 A lover that we can depend on Friends [How many of us have them]
 Before we go any further
 You know that I got my lady at home {I got my lady}
 And you're faced with the reality that we're just Friends
 How many of us have them {Girl, I got my girl at home}
 Friends
 A lover that we can depend on {Ooh, yeah, ooh, yeah,
 yeah, yeah} Friends
 Before we go any further {Oh, yeah, yeah, yeah, yeah}
 You know that I got my lady at home
 And I'm sorry, sorry We could have been friends
