

Blink (feat. Perry Farrell)

Zeds Dead

Lyrics to Blink
This is our moment
Now we both agree
You said you love me - finally Do not breath too deep
And chance the moment
No way do not blink
Oh I can not blink for fear
That you might somehow disappear
I will not blink
Oh hell I try to keep you here
Blink
Blink
Blink
Blink When you smile
Spinning on the steps
My begging heart is soothing girl Do not breath too deep
And chance the moment
No way do not blink
Oh
I can not blink for fear
That you might somehow disappear
I will not blink
Oh hell I try to keep you here Blink
Blink
