

# Touch and Go

Ed Sheeran

Waking up  
Midnight November  
And you're still in my bed  
It's kinda rough  
Cause since I met ya  
There's things we've never said So if I go  
For a little while longer  
When I'm home  
We can talk about the big falls of the road If you say go  
I would stop everything, oh  
My heart would play the role now  
And act like its never been broke  
Though, my soul  
Lately I really need to know  
How long, how long can we be touch and go  
Oh my soul  
How long, how long can we be touch and go It's not enough  
To say I want you  
'Cause I'll say anything  
I'm holding out  
To feel without a doubt  
I have just been questioning it But if I go  
For a little while longer  
When I'm home  
We can talk about the big falls of the road  
And if you say go  
I would stop everything, oh  
My heart would play the role  
And act like its never been broke  
Though, my soul Lately I really need to know  
How long, how long can we be touch and go  
Oh, my soul  
How long, how long can we be All of my bones, they scream "I'm right"  
If you're taking me home to stay the night  
Darling, my soul would heal If you say go  
I would stop everything, oh  
My heart would play the role  
And act like it's never been broke  
Oh, my soul Lately I really need to know  
How long, how long can we be touch and go  
Oh, my soul  
How long, how long can we be touch and go

How long, how long can we be touch and go  
How long, how long can we be touch and go
