Checc Me out (feat. Cobby Supreme & Dom Kennedy)

Nipsey Hussle

Yeah yeah man, y'all already know what the fuck is up man
If it's music on the street you know who got it first man
My home boys
LA leakers drop that shit from NipseyNew Nipsey Hustle, checc me out
You in trouble, checc me out
Pay us now, checc me out
Or pay me double, checc me out
You Nipsey Hustle, checc me out
You Nipsey Hustle, checc me out
You Nipsey Hustle, checc me out
Nigga fuck it, checc me out
Nigga fuck, I came from nothing
Shoot out some public, ridin buses
Bomb bandz is bomb buckets
Knock me out of my grind that's what they wasn't
My life was ugly and I got money
Caught a glimpse of that, that's not for me
She say she love me, she think she love me
She want my money, I think she funny
Uh, a-all bad bitches
Feed 12 bitches
Broke niggas die slow
While the rich get richer
We on the shot, checc me out
Out by the lot, checc me out
Outside my pants, checc me out
Show my jaws, checc me out
This how we ball, checc me out
Slum some more, checc me out
I fuck em once never thought, checc me out
NiggaAll bad bitches telling me about the way
Feed 12 bitches
Broke niggas dying slow
While the rich get richerBalenciagas, no Gucci problems
Get money for... Louie V persona
Hit a nigga with a lamer, y'all walking problems
I do my thing in the kitchen
See that's a pyrex vision
And I roll with the riches
Stay flipping those bitches

Still way full of snitches
That's how you get those stitches
Only fuck with my serpents
No square ass nigga
And we don't smoke on purple
Only Kush out the Benzes
Where a nigga come from?
My niggas is so the realest
We don't play no games
Send a nigga to the dentist
Went to the ICU, that's how I see you
All about my business
All money no business bitchesAll bad bitches
Feed 12 bitches
Broke niggas dying slow
While the rich get richerI'll be real, check me out
All money in, check me out
That's the business, checc me out
In the Benz, check me out
We do it big, check me out
Fucking twins, check me out
We fuck that rich, check me out
Please come again, check me out
Please come again, check me out
