

TworK It Out

Usher

Yo
Check this here
There's nothin' that I'd rather do
Than spend this time with you, alright
So why don't we just chill?
Make it coco sexy
You know
You sure make it right
Spend some quality time
You make me wanna
Cha cha cha
Oh baby, you sure like to
Nah nah nah
We've been hangin' out everyday this week
How about a nigga fix you somethin' to eat
And just chill We ain't gotta wild out just chill
Parlay little Momma, right here Sippin' on Chardonnay
Slip on that Vicki Secret lingerie
'Cause I ain't tryin' a throw my money away
If I can see you tworK it out for me Layin' in the cut, kissin' and rubbin' and makin' sweet love
Damn the club tonight, let's tworK it out
Just me on you from eleven till six in the mornin'
I know you like it when I do you like that
Just tworK it out Now that I got you all soakin' wet
I bet you know what's comin' next
Gonna tworK you out
Ah baby, let me tell you how
What do you think about me?
TworKin' it from your front to your back
And kickback and relax
Come sit here on my lap, Shorty
Tonight I'm takin' you all the way
Won't stop until you scream my name Layin' in the cut, kissin' and rubbin' and makin' sweet love
Damn the club tonight, let's tworK it out
Just me on you from eleven till six in the mornin'
I know you like it when I do you like that
Just tworK it out Layin' in the cut, kissin' and rubbin' and makin' sweet love
Damn the club tonight, let's tworK it out
Just me on you from eleven till six in the mornin'
I know you like it when I do you like that
Just tworK it out Mornin' is comin' and I don't want to let you go
Let's just live in this bed of red rose petals

I know that we spent but one kiss
Can make this start all over again
If you want it, baby come with me
It's way to trill the way you makin' it feel
The way you tworkin' is oh so sexy
Oh baby, you sure love the part
It's way to trill the way you makin' it feel
The way you tworkin' is oh so sexy
Oh baby, you sure love the part
Layin' in the cut, kissin' and rubbin' and makin' sweet love
Damn the club tonight, let's tworke it out
Just me on you from eleven till six in the mornin'
I know you like it when I do you like that
Just tworke it out
Layin' in the cut, kissin' and rubbin' and makin' sweet love
Damn the club tonight, let's tworke it out
Just me on you from eleven till six in the mornin'
I know you like it when I do you like that
Just tworke it out
Let me tworke it
I won't hurt it
Damn the club tonight, girl
Let's tworke it out
Girl, I'll tworke it
I won't hurt it
I know you like when I do you like that
Just tworke it out
Layin' in the cut, kissin' and rubbin' and makin' sweet love
Damn the club tonight, let's tworke it out
Just me on you from eleven till six in the mornin'
I know you like when I do you like that
Just tworke it out
