

Eclipse (All Yours)

Metric

All the lives always tempted to trade
Will they hate me for all the choices I've made
Will they stop when they see me again?
I can't stop now I know who I am Now I'm all yours, I'm not afraid
And you're all mine, say what they may
And all your love I'll take to a grave
And all my life starts now Tear me down they can take you out of my thoughts
Under every scar there's a battle I've lost
Will they stop when they see us again?
I can't stop now I know who I am Now I'm all yours, I'm not afraid
And you're all mine, say what they may
And all your love I'll take to the grave
And all my life starts
I'm all yours, I'm not afraid
And you're all mine, say what they may
And all your love I'll take to a grave
And all my life starts starts now
