

Normal Days

Nonpoint

Strange days to normal
(Try) Just trying
(Find) To find
The words, the words
(Make) Making
(Mind) Your mind up
From what you've heard
(Try) Trying
(Find) To find
The words, the words
(Make) Making
(Mind) Your mind up
From what you've heard
Winding down
You're just finding
What indifference you're having today
Make your mind up, it's never the same
Sinking down
Ceiling's climbing
While you're up to your neck in the same
Situation and start to complain (Try) Just trying
(Find) To find
The words, the words
(Make) Making
(Mind) Your mind up
From what you've heard
(Try) Trying
(Find) To find
The words, the words
(Make) Making
(Mind) Your mind up
From what you've heard
Your can't fool me with your smile
Seen you treat whom you're calling your friends
And I couldn't be called that again
Been on your knees for a while
Searching through broken glass in bare hands
Can I offer you gloves again (Try) Just trying
(Find) To find
The words, the words
(Make) Making
(Mind) Your mind up

From what you've heard
(Try) Trying
(Find) To find
The words, the words
(Make) Making
(Mind) Your mind up
From what you've heardThe way
The time
The chance
A glance
A second look
At your stance
on the way
the day could change
Strange days to normal
The way
The time
The chance
A glance
A second look
At your stance
on the way
the day could change
Strange days to normal days(Try) Just trying

Stage two is known as the tadpole stage

It's vulnerable body consists of

Not much more than a head and tail

Now, in an extremely fragile state

It faces danger, where it's only defence

Is to give to instinct
