

# Dizzy

## Jimmy Eat World

You close your eyes and kiss your hand then you blow it  
But it isn't meant for me, and I notice  
If the choice was ours alone,  
Then why'd we both choose letting go?  
Does it end like this? Time never had a chance to heal your heart  
Just a number always counting down to a new start  
If you always knew the truth  
Then the world will spin around you  
Are you dizzy yet? Respectfully, some honesty I'm calling out  
Do you hear the conversation we talk about?  
Oh back away to the safety of a quiet house  
If there's half a chance in this moment  
When your eyes meet mine, we show it  
All talk and not a lot to think, we are living dreams  
And shame never crept close to our naked feet  
If there's something left to lose  
Then don't let me wear out my shoes  
I'm still walking. I tried, but it rang and rang, I called all night  
On a payphone, remember those from another life?  
If everything I meant to you  
You can lick and seal then fold in two  
Then I've been so blind. Respectfully, some honesty I'm asking now  
Do you hear the conversation we talk about?  
Oh back away to the safety of a quiet house  
If there's half a chance in this moment  
When your eyes meet mine, we show it  
Oh, oh take it all back, take your first, your last, your only.  
Oh, oh take it all back, take it all back,  
Everything you showed me.  
Oh, oh, this must be how it feels  
When the feeling goes. I told your eyes, I haven't... I've never felt this way  
You said I have this shot that stops my clock  
Baby it's okay  
You said you'd never have regrets  
Jesus, is there's someone yet who got that wish?  
Did you get yours, babe? Respectfully, some honesty I'm asking now  
Do you hear the conversation we talk about?  
I'll back away to the safety of a quiet house  
If there's half a chance in this moment  
When your eyes meet mine, we show it
