

# Sun Is Never Going Down (feat. Dawn Golden)

[Martin Garrix](#)

Is this life? Is it real?  
Do you feel the things that I feel?  
Close your eyes, disappear  
And we can watch it burn, burn from here 'Cause I'm rising higher than I've been before  
And I'm ready, ready crying out for more I know the sun is never going down  
Oh-oh-oh, oh-oh-oh-oh  
Nothing's gonna slow us down  
Oh-oh-oh, oh-oh-oh-oh-oh  
I don't wanna fall asleep  
Baby, stay awake with me  
The sun is never going, sun is never going  
Sun is never going down, down, down Blinding lights, in a daze  
Let me stay like this for always  
My whole sky is a blaze  
And when you're here with me, we elevate 'Cause I'm rising higher than I've been before  
And I'm ready, ready crying out for more 'Cause I know the sun is never going down  
Oh-oh-oh, oh-oh-oh-oh  
Nothing's gonna slow us down  
Oh-oh-oh, oh-oh-oh-oh-oh  
I don't wanna fall asleep  
Baby, stay awake with me  
The sun is never going, sun is never going  
Sun is never going down, down, down The sun is never going down, down, down
