

# Alien

## Dennis Lloyd & Topic

I'm feeling like an alien, baby  
Riding around the world  
I'm feeling like a stranger lately  
Round and around we go Where did I come from?  
Where do I go?  
I'm so far away from home  
What am I going for?  
How can I know  
What I'm fighting for?  
I'm feeling like an alien, baby  
Riding around the world  
I'm feeling like a stranger lately  
Round and around we go and around we go  
Round and around we go and around we go So where can I go?  
A million miles from home  
What am I going for?  
How can I know  
What I'm fighting for? I'm feeling like an alien, baby  
Riding around the world  
I'm feeling like a stranger lately  
Round and around we go and around we go  
Round and around we go  
I'm feeling like an alien, baby  
Riding around the world  
I'm feeling like a stranger lately  
Round and around we go and around we go
