You Are My Heaven

Roberta Flack

An angel whispered to me when I woke this morning

That I would find heaven by my side

And there were you angel, heaven in the morning

Playing in my arms and in my lifeAnd I reached this decision, I love you my religion

That is in my soul and in my heart

No one could ever change my mind, oh, no

'Cause I got you here right by my sideYou are my love (You are my love)

You are my heaven

You are my love

Make me sing la di da

You are my love (You are my love)

You are my heaven

Darling, I, oh

I won't let them take you away

(Won't let them take you away)If angels whispered to you early every morning

It's really something wonderful and rare

I get up in the morning feeling that forever

I have all your love and all your careIf someone tries to tells that I do not love you

Tell them they must be out of their mind

I ain't gonna let them change my mind, oh, no

'Cause I got you here right by my sideYou are my love (You are my love)

You are my heaven

You are my love

Make me sing la di da

You are my love (You are my love)

You are my heaven

Darling, I, oh

I won't let them take

Darling, I, oh

I won't let them take

Darling, I, oh

I won't let them take you away

(Won't let them take you away)You are my love (You are my love)

You are my heaven

You are my love

Make me sing la di daYou are my love (You are my love)

You are my heaven

Darling, I, oh

I won't let them take you away

(Won't let them take) You are my love (You are my love)

You are my heaven

You are my love

Make me sing la di daYou are my love (You are my love)

You are my heaven Darling, I, oh

I won't let them take you away

I won't let them take youYou are my love (You are my love)

You are my heaven

You are my love (You are my love)

Make me sing la di daYou are my love (You are my love)

You are my heaven

Oh... oh... oh...
