Breathe Again

Toni Braxton

If I never feel you in my arms again

If I never feel your tender kiss again

If I never hear "I love you" now and then Will I never make love to you once again?

Please understand, if love ends

Then I promise you, I promise youThat, that I shall never breathe again

Breathe againThat I shall never breathe again

And I can't stop thinkin' about

About the way things used to be

And I can't stop thinkin' about

About the love that you make to me

And I can't get you out of my head

How in the world will I begin

To let you walk right out my life

And blow my heart away

And I can't stop carin' aboutAbout the apple of my eye

And I can't stop doin' without

Without the center of my lifeAnd I can't get you out of my head

And I know I can't pretend

That I won't die if you decide

You won't see me again

If I never feel you in my arms again

If I never feel your tender kiss again

If I never hear "I love you" now and then

Will I never make love to you once again?

Please understand, if love ends

Then I promise you, I promise youThat, that I shall never breathe again

Breathe again

That I shall never breathe again

And I can't stop thinkin' aboutAbout the way my life would be

No, I can't stop thinkin' aboutHow could your love be leavin' meAnd I can't get you out of my

mind

God knows how hard I tried

And if you walk right out my lifeGod knows I'd surely die

And I can't stop doin' without

Without the rythm of my heart

No, I can't stop doin' withoutFor I would surely fall apart

And I can't get you out of my mind

'Cause I know I can't deny

And I would die if you decide

You won't see me again

If I never feel you in my arms again

If I never feel your tender kiss again

If I never hear "I love you" now and then
Will I never make love to you once again?
Please understand if love ends
Then I promise you, I promise you
That, that I shall never breathe again
Breathe again
That I shall never breathe again
That I shall never breathe again
Breathe again
That I shall never breathe again
breathe again...
