Battle Cry (feat. Bebe Rexha & Savi)

Havana Brown

I'm a straight shooter, ba bang, ba bang, bang
You trying to hit me with your right hoo k
Trying to sell me fame
I'm a lone ranger, I'mma smoke you out
Sugar I'mma show you what I'm all aboutLock, stock and two smoking barrels
Keep my shit straight like a bow and arrow
Cause I know, I know your hand and I call your bluffAnd I don't wanna know the reasons why
I know I know you deep inside
And I don't wanna hear the twisted lies
I know this is my battle cry
This is my battle, this is my battle cry
This is my battle, this is my battle cry
I'm a straight shooter, ba bang, ba bang, bang
Gonna give you a taste of your own medicine
I'll hoo k you with my last ounce, start to reel you in
And switch you like tobacco, cause you burn like ginLock, stock and two smoking barrels
Keep my shit straight like a bow and arrow
Cause I know, I know your hand and I call your bluffAnd I don't wanna know the reasons why
I know I know you deep inside
And I don't wanna hear the twisted lies
I know this is my battle cry
This is my battle, this is my battle cry
This is my battle, this is my battle cryYou're down in the trenches now
And I'm watching your walls come down
Surrender your weapons now
Surrender your weapons now
Surrender your weapons now
And I don't wanna know the reasons why
I know I know you deep inside
And I don't wanna hear the twisted lies
I know this is my battle cry
This is my battle, this is my battle cry
This is my battle, this is my battle cry
