

# Keep Your Head Up (feat. T.I.)

YFN Lucci

Ness on the beat  
We ain't waste no time,  
you know it hard to be great you gotta go hard or go  
home nigga, and we ain't never going home nigga, ya know When shit get rough just keep your  
head up  
Gotta keep going boy you better yeah yeah  
Ima grind hard yeah I know there's levels yeah  
I swear I came too far for me to settle yeah  
Ima hustle hard cause I want better yeah yeah  
Even when it rough I kept my head up  
I know I could never be a failure yeah  
I was trying hard cause I want better yeah  
Even when it rough gotta keep ya head up  
Raindrops on my head, steppin' in puddles, lord what have I did  
Why I have to suffer  
Lord we only kids, lord save me and my brothers  
And all of my friends, and all of my kins  
I turned a thousand to ten  
Turned a Nissan to a Benz  
They told me grind and I did  
Aye why you round if, you ain't tryna die by this shit  
Don't come around nigga I ain't got a dollar to lend  
I done put down that lil' pen  
Man straight off the top just bought  
a Rari and the brains are off the top  
I got a bad lil' bitch she comin' out her house to top  
And I done lost it all but I ain't never dropped the ball  
When shit get rough just keep your head up  
Gotta keep going boy you better yeah yeah  
Ima grind hard yeah I know there's levels yeah  
I swear I came too far for me to settle yeah  
Ima hustle hard cause I want better yeah yeah  
Even when it rough I kept my head up yeah  
I know I could never be a failure yeah  
I was trying hard cause I want better yeah  
Even when it rough gotta keep ya head up Handle business, give a dime,  
put ignition even if the cameras in it fuck nigga yeah  
Trappin' at Southwest Atlanta still belong on television (my god)  
Been to hell and back my bottom  
bitch didn't even have a pot to piss in  
The lottery I gotta hit it or them block  
pigeons so my mama ain't gotta wash dishes

Bet you can't breathe need oxygen  
say I fell off nigga wait a hot minute  
On the block brand new drop wit the lil bad bitch just hopped in it  
'Fore you talk bigger than the top ten,  
legendary status I been locked in it, I'm not finished  
If you livin' in a glass house watch where you throw your rocks at  
Remember only sucka niggas have his hand  
hid, tryna never get your way through manhood  
Keep your daughter off pay em good  
Always thank God no matter what cause  
where I came from shit feel damn good When shit get rough just keep your head up  
Gotta keep going boy you better yeah yeah  
Ima grind hard yeah I know there's levels yeah  
I swear I came too far for me to settle  
Ima hustle hard cause I want better yeah yeah  
Even when it rough I kept my head up  
I know I could never be a failure yeah uh  
I was trying hard cause I want better yeah  
Even when it rough gotta keep ya head up
