

Wearing Nothing

Dagny

All I hear's the rhythm of my speeding heart
It's getting loud and I can't hide it
Boy you know the distance is just killing me
Even when I lie right beside yaAnd I gotta love my body
Never really cared for rules
I gotta get it closer to you
I gotta get to where you are
Rip my shirt and let it fallBaby I just feel like wearing nothing at all
When I'm with you I feel like wearing nothing
Nothing at all
When I'm with you I feel like wearing nothing
Yeah I'm getting warming as you're holding me
But I still feel too far away now
Help me now please cause I can't deal with clothes between us
I just wanna tear them off babyAnd I gotta love my body
Never really cared for rules
I gotta get it closer to you
I gotta get to where you are
Rip my shirt and let it fallBaby I just feel like wearing nothing at all
When I'm with you I feel like wearing nothing
Nothing at all
When I'm with you I feel like wearing nothingBaby it's hot outside and [?] together
Yeah we can tear down this wall
Yeah don't you get tired of [?]
When I'm with you I feel like wearing nothing
I gotta love my body
Baby I just feel like wearing, nothing at, nothing at, nothing at allWhen I'm with you I feel like
wearing nothing
Nothing at all
When I'm with you I feel like wearing nothingBaby it's hot outside and [?] together
When I'm with you I feel like wearing nothing
When I'm with you I feel like wearing nothing
