Don't Look Now (feat. Keri Hilson)

Far East Movement & Keri Hilson

Don't look nowI saw you dancing on that speaker box
Girl, what's your name?
I see you texting on that BBM
Can we exchange?I got two glasses at my table
Can I show you the way?
Tonight's the night to let it go, go
Girl, it's okayYeah, I'm not looking for no strings
You're not looking for a ring
If you're ready for this fling
Then meet me in the back
I never knew it'd be like this
Such an unexpected twist
Started off with just a kiss
I don't know how to actHey, uh, I know I promised you I'd take it slow
I know I swore on everything I own
But I can't resist, how's just one kiss?
But don't look nowYou've got me going, I'm going, I'm gone
Don't look now
You've got me going, I'm going, I'm gone
Don't look now
I can't resist, how's just one kiss?
Don't look nowMy heart is pumping
Like that bass before I pick you up
The way we stole each other's hearts
We playing stick 'em up
I take a shot of [Incomprehensible]
To get me in the zone now
She took a step out the door
From head to toe she's all wowI'm not looking for no strings
You're not looking for a ring
If you're ready for this fling
Then meet me in the backI never knew it'd be like this
Such an unexpected twist
Started off with just a kiss
I don't know how to actHey, uh, I know I promised you I'd take it slow
I know I swore on everything I own
But I can't resist, how's just one kiss?
But don't look nowYou've got me going, I'm going, I'm gone
Don't look now
You've got me going, I'm going, I'm gone
Don't look now
I can't resist, how's just one kiss?

Don't look nowThere's somethin' 'bout this girl
She shakin' up my world
She got me doin' things
I never did beforeDamn, there's somethin' 'bout this girl
She shakin' up my world
She got me out my zone
I'm losin' all controlThere's somethin' 'bout this girl
She shakin' up my world
She got me doin' things
I never did beforeThere's somethin' 'bout this girl
She shakin' up my world
She got me out my zone
I'm losin' all controlHey, uh, I know I promised you I'd take it slow
I know I swore on everything I own
But I can't resist, how's just one kiss?
But don't look nowYou've got me going, I'm going, I'm gone
Don't look now
You've got me going, I'm going, I'm gone
Don't look nowYou've got me going, I'm going, I'm gone
Don't look now
You've got me going, I'm going, I'm gone
Don't look now
