

# Hitomi's Shinobi

## Emmure

I said I'd kill for you, I think I'd die for you  
You're my dream, you're all I want  
To love and worship you, it's what I'm born to do  
With the last breathe that I have  
Just to touch you once, I don't care what it costs  
Must I speak in foreign tongues? What must I do to live this fantasy?  
What must I do? You must belong to me I beg to feel your perfection  
Please let me feel your...  
You're everything I ever wanted  
Please come to me Hitomi  
Please come to me  
Please Hitomi  
Please I said I'd kill for you, I think I'd die for you  
You're my dream, you're all I want  
To love and worship you, it's what I'm born to do  
With the last breathe that I have  
Just to touch you once, I don't care what it costs  
Must I speak in foreign tongues?  
What must I do? What must I do?  
Please come to me Hitomi  
Please come to me  
Hitomi  
What must I do? What must I do?
