I Am Onslaught

Emmure

Hide behind a mask you fucking coward, you stand powerless,
Hide behind a mask you fucking coward, I detest your presence.
Know my name and fear it, x2I was born to destroy you will not escape me?I am onslaught, x2
Hide behind a mask you fucking coward, you stand powerless,
Hide behind a mask you fucking coward, I detest your presence.
Noone is safe. x4Hide behind a mask you fucking coward, you stand powerless,
Hide behind a mask you fucking coward, I detest your presence.
I was born to destroy you will never escape me. x2
I am onslaught, x2
Know My name and fear it. x2
