

# Til Death (Dan Castro Remix)

Wynter Gordon

Might as well burn the club down tonight  
Kill me with the beat til daylight  
Let it get hot, I'ma stay inside  
Til death do we party, with the music I die Pour a little more into your cup  
The sweeter the juice the better your luck  
Let's get loud as we celebrate life  
Til death do we party, with the music I die Oh my mind  
Yeah, I'm losing it  
Take my life  
But I'm cool with it  
So high on the music  
So alive, I don't know what to do with it  
Movin' my body like I'm winning a fight  
Like dancing with the devil, I can do this all night  
Wearing all black like a brand new bride  
Til death do we party, with the music I die Oh my mind  
Yeah, I'm losing it  
Take my life  
But I'm cool with it  
So high on the music  
So alive, I don't know what to do with it Oh my mind  
Yeah, I'm losing it  
Take my life  
But I'm cool with it  
I really don't care, I'ma go all night Til death do we party, with the music I die  
Whoa, oh, whoa, oh, whoa, oh, whoa  
Whoa, oh, whoa, oh, whoa, oh, whoa  
Whoa, oh, whoa, oh, whoa, oh, whoa  
Whoa, oh, whoa Let the music release our pain  
With the music we're all born again  
With the music we die  
With the music we fight  
We surrender ourselves here tonight Oh my mind  
Yeah, I'm losing it  
Take my life  
But I'm cool with it  
So high on the music  
So alive, I don't know what to do with it Oh my mind  
Yeah, I'm losing it  
Take my life  
But I'm cool with it  
I really don't care, I'ma go all night

Til death do we party, with the music I dieI die, I die  
Til death do we party, with the music I die  
I die, I die  
Til death do we party, with the music I die
