

# Hospitalized (Young & Sick Remix)

## Broods

I've never known how it feels to break  
Stuck in the waiting room thinking for goodness sake  
Don't wanna be the one to comfort no more  
I wanna be the one on the floor Do you think I can make it?  
I know I'm six feet away but  
I could get overlooked 'Cause I feel like I'm broken but I never got a reason  
So I'm gonna jump, I'm gonna push myself until I get hospitalised  
Yeah, I feel like I'm broken but I never got a reason  
So I'm gonna jump, I'm gonna push myself until I get hospitalised  
I love the sympathy from all of my friends  
I wanna feel the hurt so I don't have to pretend  
I wanna hear them asking if I'm okay (Are you okay?)  
That's all I really want them to say Do you think I can make it?  
It ain't too far away but  
Kinda thought I could go back. 'Cause I feel like I'm broken but I never got a reason  
So I'm gonna jump, I'm gonna push myself until I get hospitalised  
Yeah, I feel like I'm broken but I never got a reason  
So I'm gonna jump, I'm gonna push myself until I get hospitalised This space is nutritious  
Tasty and delicious  
Exceptionally vicious  
Everybody feels  
'Cause I feel like I'm broken but I never got a reason  
So I'm gonna jump, I'm gonna push myself until I get hospitalised  
Yeah, I feel like I'm broken but I never got a reason  
So I'm gonna jump, I'm gonna push myself until I get hospitalised
