

# Proper Education

Eric Prydz & Floyd

We don't need no education  
We dont need no thought control  
No dark sarcasm in the classroom  
Teacher leave them kids alone  
Hey! Teacher! Leave them kids alone!  
All in all it's just another brick in the wall.  
(All in all you're just) another brick in the wall. We don't need no education  
We dont need no thought control  
No dark sarcasm in the classroom  
Teacher leave them kids alone  
Hey! Teacher! Leave them kids alone!  
All in all it's just another brick in the wall.  
(All in all you're just) another brick in the wall.  
We don't need no education  
We dont need no thought control  
No dark sarcasm in the classroom  
Teacher leave them kids alone  
Hey! Teacher! Leave them kids alone!  
All in all it's just another brick in the wall.  
(All in all you're just) another brick in the wall.  
We don't need no education  
We dont need no thought control  
No dark sarcasm in the classroom  
Teacher leave them kids alone  
Hey! Teacher! Leave them kids alone!  
All in all it's just another brick in the wall.  
(All in all you're just) another brick in the wall. We don't need no education...
