Animal

R.I.O.

She s an animal, whoa, a part animal, whoa
Like an animal, on the dance floor
Silent murderer, haunting after you
She s untamable, but you never know
Make one move, she now out of control
Come on danger girl, let me volunteer
I m all bulletproof, let s get out of here
Shawty you re the one, but incognito
Kill the lights, let s get loose on the floor
She s the lady I wanna knowKind of chick, out of control
She s a diva and she knows why the club goes wild
She s an animal, whoa,
She s the lady, I wanna know
Kind of chick, out of control
She s a diva and she knows why the club goes wild
She s an animal, whoa,
Party animal, whoa, party animal
I got a rocket full of love, most crazy
Way you move that ass, baby not too fast
Could feel my blast, i'm gonna loose, i'm gonna loose
A party animal, I make you moveShe s creeping in, through your back door
Silent killer queen, looking out for you
She s invincible, never let your go
Cause tonight she ll be out on patrol
Come on danger girl, let me volunteer
I m all bulletproof, let s get out of here
Shawty you re the one, but invognito
Still the night, let s get loose, give me moreParty animal, whoa, come party animal, whoa
She s the lady, I wanna know
Kind of chick, out of control
She s a diva and she knows why the club goes wild
She s an animal, whoa,
Yes you are, party animal star, way you move in them spot lights
Turns me on
You gonna faze me? go on and chase me
Got a rocket full of love and it's no tasty
Yeah it s no grind, gonna make your body a kryptonite
I raise the turn, I load the gun, party animal, whoa,
Let s goShe s a diva and she knows why the club goes wild
She s an animal, whoa,
She s the lady, I wanna know
Kind of chick, out of control

She s a diva and she knows why the club goes wild
She s an animal, whoa.
