

SHINE

Quavo

Migo!

Cinco!

QC!Migo and Cinco need 'bout 50 PT

The way she eat that molly she think it linguine

All these cameras on we in the spotlight

Most of these niggas they'll do anything for the spotlight

Most of these niggas they'll do anything for the spotlight

These niggas would take yo' life for the spotlight

Gotta keep me a pocket rocket with the red light

My momma told me they will turn on you for the spotlight

My momma told me they will turn on me

If I didn't listen it was all on me

Some of the niggas I didn't, some of the niggas I did

If you niggas didn't wanna see you win they ain't yo' friend

Not at all

Growing up had to fight these niggas like Steven Seagal

You play with me now and I'mma shoot yo' head off

Cinco gotta make the call

Just for the spotlight I know niggas would knock you off

Quit lookin' at my life, get yo' mind right

Versace my eyesight, I'm living the limelight

Not you

Is a nigga mad 'cause the spotlight not on you?

I'm killin' the game 'cause momma she told me to

Migo and Cinco need 'bout 50 PT

The way she eat that molly she think it linguine

All these cameras on we in the spotlight

Most of these niggas they'll do anything for the spotlight

Most of these niggas they'll do anything for the spotlight

These niggas would take yo' life for the spotlight

Gotta keep me a pocket rocket with the red light

My momma told me they will turn on you for the spotlight
