

Born to Be Somebody

Justin Bieber

There's a dream in my soul
a fire that's deep inside me
There's a me no one knows
waiting to be set free. I'm gonna see that day
I can feel it
I can taste it
Change is coming my way I was born to be somebody
Ain't nothing that's ever gonna stop me
I'll light up the sky like lighting
I'm gonna rise above
show 'em what I'm made of
I was born to be somebody
I was born to be
and this world will belong to me
This life can kick you around
(woah)
this world can make you feel small
(woah)
They will not keep my down
(woah)
I was born to stand tall. I'm goin' all the way.
I can feel it, I believe it.
I'm here, I'm here to stay. I was born to be somebody.
Ain't nothing that's ever gonna stop me.
I'll light up the sky like lighting
I'm gonna rise above
show 'em what I'm made of
I was born to be somebody
I was born to be
and this world will belong to me.
Feel it
believe it
dream it
be it. I was born to be somebody.
Ain't nothing that's ever gonna stop me.
I'll light up the sky like lighting
I'm gonna rise above
show 'em what I'm made of
I was born to be somebody
I was born to be
and this world will belong to me.
Oh, oh

oh, oh.

And this world will belong to me.

Ye-ah, ye-ah, ohh...

And this world will belong to me.
