

# Pull Up (feat. NAV)

## A Boogie wit da Hoodie

Ooh

I pulled up in a Benz truck, ooh  
You pulled up in your friend's truck, hmm  
Better watch out for the scammers, ooh  
Boy, you better get your bands up, hmm  
She a pretty little dancer, ooh  
I might take her to my mansion, hmm  
Hit her, then I vanish, ooh  
All about my business  
Buy my hood bitch, a Lexus  
She told me I'm the bestest, diamonds in my necklace (ooh)  
Everything I do impressin'  
Always in my best fit, I don't need a press kit (ooh)  
My, my time is too precious  
I ignore her message, already on the next bitch (ooh)  
She wet just like a jetski  
Took her on the jet, she let me fuck her and her bestie (ooh)  
Heard they wanna test me, but I got a cheat sheet  
Sending hits on repeat (yeah)  
My teachers tried to reach me, there's nothing they can teach me  
AP flooded with Fiji

Ooh

I pulled up in a Benz truck, ooh  
You pulled up in your friend's truck, hmm  
Better watch out for the scammers, ooh

They don't want that pressure, yeah, yeah  
Dressed up in Hermes stuff, different Gucci sweaters  
Bustdown on the bezel, yeah, yeah  
She don't love me, she just love my fragrance  
I spent so much on my chain, it just don't make sense To all my family and my niggas, I'm still  
gon' break bread  
Know my secrets, can you keep it?  
Please don't say shit  
'Cause if she feeling me, then I'ma be all in there like, "awh"  
She gon' swear to me that no one else can hit that like, "awh, awh"  
I don't wanna go through this, I been there before  
Bitches with no makeup, yeah, I love it
