

# What We Ain't Got

Jake Owen

We all want what we ain't got  
Our favorite doors are always locked.  
On a higher hill with a taller top  
We all want what we ain't got. We ain't happy where we are  
There's greener grass in the neighbors yard.  
A bigger house and a faster car  
We ain't happy where we are. All I want is what I had  
I'll trade it all just to get her back.  
She's moving on, But I guess I'm not.  
We all want what we ain't got.  
We all wish it didn't hurt  
When you try your best but it doesn't work.  
And goodbye's such a painful word  
We all wish it didn't hurt. All I want is what I had  
I'd trade it all just to get her back.  
She's moving on, But I guess I'm not.  
We all want what we ain't got.  
We all want what we ain't got  
We all want what we ain't got.  
You see I wanted the world until my whole world stopped  
A love like that ain't easily forgot.  
We all want what we ain't got.
