

Pullup (feat. Buddy)

Cousin Stizz

Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out
Fuck what you're talking 'bout
Baby pull up to the house
Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out
Yeah
I know what you want from me
Girl I'll keep you company
And you know where I stay
Won't you swing my way
I'll give you love in the night and day
Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out
Fuck what you're talking 'bout
Baby pull up to the house
Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out
Yeah
You ain't never fold under pressure
The way you pull up every time I undress ya
You told me be cool, bet the world gon' test ya
You know when I get my back straight I'mma bless ya
Seeing you with your dude, I pull the shawty so smooth
Been in my groove, but you know that ain't the news
Ain't trying to be rude, I'm used to breaking the rules
I can see this view, way better with me and you
Yeah
Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out
Fuck what you're talking 'bout
Baby pull up to the house
Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out
Yeah
Now we can do this fast, or we can do this slow

However you like it baby that's the way it goes
You ain't on my back when you see me on the road
And you ain't never trip by none of these groupie hoes
Been there from the jump, so i buy you what you want
Take you on a shopping spree like we livin' Saint Laurent
Say you feel it in your tummy every time a nigga pump
Tell me that you love me and I'll only hit it once
Yeah Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out Fuck what you're talking 'bout
Baby pull up to the house Fuck what you're talking 'bout
Fuck what you're talking 'bout
Baby pull up to the house
I was living couch to couch
You was there I'm down and out
Yeah
