

# Lost in Space

Emmit Fenn

I wash away  
In your river of gold  
I'm losing this  
On these dead-end roads And I'm lost in the waters  
Your light is my shore  
I'm searching for answers  
Because all I know is I'm losing hope  
I'm bathing in sunshine, lost in space  
Waiting for your sign to set me straight  
Where do I go from here?  
When will this road seem clear?  
I'm bathing in sunshine, lost in space  
Waiting for your sign to set me straight  
Where do I go from here?  
When will this road seem clear?  
I'm bathing in sunshine  
I'm bathing in sunshine I stay afloat  
In these jeans of stones  
This heavy road  
It don't take me home And I'm lost in the waters  
Your light is my shore  
I'm searching for answers  
Because all I know is I'm losing hope  
I'm bathing in sunshine, lost in space  
Waiting for your sign to set me straight  
Where do I go from here?  
When will this road seem clear?  
I'm bathing in sunshine, lost in space  
Waiting for your sign to set me straight  
Where do I go from here?  
When will this road seem clear?  
I'm bathing in sunshine
