## Gonjasufi

You are my shepard babe  
I wouldn't have it any other way  
My heavenly shepherdShepherd babe  
Such a good shepherd  
Oh heavenly shepherd  
We wouldn't have it no other wayNah nah nahhhhhI wish I was a sheep  
Instead of a lion  
'Cause then I wouldn't have to eat  
Animals that are dyingI wish I was a sheep  
Instead of a lion  
'Cause then I wouldn't have to eat  
This meat that is dying  
I wish I was  
One of your sheep  
Only because  
I wouldn't have to kill to eatOh how I wish I was  
One of your gentle sheep  
Only made out of love  
Like a bird in retreatIf I was a sheep  
I'd have to be quick on my feet  
Running away all day  
From a lioness trying to eatSome do enough to creep  
One of my fellow sheep  
Living so humbly  
Sympathetic with harmony  
Have you ever seen  
Two lions wearing meat?  
Eagles too quick to creep  
One ends up in another's teeth  
It wouldn't be this way  
If they were eating leaves  
Oh how I always pray  
I was one of your sheepI'm a lion babe  
Feeding off the sheep their graves  
Off the leaf's and blades  
I wouldn't have it any other way  
I'm a lion babe  
See me livin in the shade  
I have everyone afraid  
Roamin' free so no one's safe
