

# Shweet

## Trip Lee

Hands in the air  
Make a little noise in the stands if you there  
Brag on the God man if you there  
Only if you there  
That'd be shweet  
What if when we brag  
It wasn't about the clothes with the tags  
That'd be shweet  
What if when you brag  
It's about Him who's the first and the last  
That'd be shweet  
Heard 'em talking like it's hot man  
Somebody got it gassed up on that octane  
Look I hate to tell 'em they ain't better  
Better get an umbrella - God reign  
Let's go back in time the late 80's  
D - Town homie down that's they made me  
When I'm backed up I ain't vacay  
Feels like I'm home  
Thinkin' 'bout staying (I ain't stayin' though)  
Already already  
Lone Star State bred how can I forget it  
But I ain't clappin' 'bout the blue  
It's fly how You knit me, I ain't talkin' bout the shoes (shoe)  
I got a lot of problems but I'm straight (that's shweet)  
I know my God will toss 'em in the lake (that's shweet)  
How many times I gotta tell ya He the boss  
Under Him anything a piece of cake  
Hands in the air  
Make a little noise in the stands if you there  
Brag on the God man if you there  
Only if you there  
That'd be shweet  
What if when we brag  
It wasn't about the clothes with the tags  
That'd be shweet  
What if when you brag  
It's about Him who's the first and the last  
That'd be shweet  
Heard 'em talking like it's hot man  
Somebody got it gassed up on that octane  
Look I hate to tell 'em they ain't better  
Better get an umbrella God reign

I've been in the A a lot this year  
Perfecting these songs that I spit here  
Never sense 2010 being clear  
Everybody talking 'bout how you gotta live here (I think they got me now)  
Already already  
Lone Star State bred how can I forget it  
Middle School we was bumping Swishahouse  
Had a freestyle sounding like them Swishahouse flows  
Saying, man hold up, everybody came down, trunk popped, grippin grain baby stay down'  
Already, wasn't talking bout nothin but a pipe dream  
Like 'man, my wrist froze like ice cream  
But He opened up my eyes bruh (shweet)  
All my people was surprised bruh (shweet)  
Cause I used to rap 'bout cash that I never had then I came alive bruhHands in the air  
Make a little noise in the stands if you there  
Brag on the God man if you there  
Only if you there  
That'd be shweet  
What if when we brag  
It wasn't about the clothes with the tags  
That'd be shweet  
What if when you brag  
It's about Him who's the first and the last  
That'd be shweetHeard 'em talking like it's hot man  
Somebody got it gassed up on that octane  
Look I hate to tell 'em they ain't better  
Better get an umbrella God reign, huh  
Say they make it hot (make it hot)  
But they really only try (only try)  
My God is the cap'n, He can really make it happen  
He been reigning in the sky  
They say they make it rain  
They really only throwin' cash  
But my Lord's running in His own laneEverybody going back (that's shweet)  
Everybody going back (that's shweet)  
Everybody going back (that's shweet)  
Everybody going back (that's shweet)  
That's shweet  
Not sweet but shweet  
With a 's - h' bro  
Yessir  
I was built to brag
