

Boys Ain't Shit (feat. Tate McRae & Audrey Mika)

SAYGRACE

These boys ain't shit
I'm not here for it
If you want me, act like it, act like it You only hit me on a late night
I never see you in the daylight
You wonder why I got a attitude
You make it hard for me to play nice
A baba come on heavy
Quick trip on your lips to a nassy
And I know you think you're so cool
But it really ain't attractive Why do you waste all my time?
Keep on telling me lies
'Cause you know I'll come right back
When you don't even write back
These boys ain't shit
I'm not here for it
If you want me, act like it, act like it
These boys get pissed
'Cause I won't stand for it
If you want the sweet life then act like it I'm the cherry on top of the whipped cream
I'm the first call when she leaves
Talking like a gentleman, please
You just want cake with your ice cream Why do you waste all my time?
Keep on telling me lies
'Cause you know I'll come right back
When you don't even write back
These boys ain't shit
I'm not here for it
If you want me, act like it, act like it
These boys get pissed
'Cause I won't stand for it
If you want the sweet life then act like it I'm falling backwards
Don't be such an asshole
Don't get mad though
I'm falling, running backwards
I'm falling backwards
Don't be such an asshole
Don't get mad though
I'm falling, running backwards These boys ain't shit These boys ain't shit
I'm not here for it
If you want me, act like it, act like it

These boys get pissed
'Cause I won't stand for it
If you want the sweet life then act like it These boys ain't shit
I'm not here for it
If you want me, act like it, act like it
