

# Talk That Talk (feat. JAY Z)

Rihanna

Talk that talk to me, yeah  
Talk that talk to me, yeah I be trying to chill, b-ches wanna f-k me  
Every little city I go, f-k me  
Shorty must've heard  
Got the word, I move that D  
Had it by a bladder  
She like, oh I gotta pee  
Ran into a rocko in my restroom  
Singer slash actress in my bedroom  
God I have the ticket for a walk through  
Everything that do is big  
I talk big money, I talk big homes  
I sell out arenas  
I call that getting dome  
Million dollar voice  
Came through phone  
We heading to the top  
If you coming, come on  
I'm Flying out to Pisa  
Just to get some pizza  
Fly down to Jamaica  
Just to roll some reefa  
Sex on the beach  
Left love speechless  
They say that money talk  
Tell these other ni--as speak up  
What's up  
One and two and three and four, come on let me know if you want some more  
You know what I like right now get it right
