

Truly

Marcia Griffiths

Truly,
I love you truly
Truly,
I love you truly And it would mean so much to me
If you could understand
That i need you, just to be my lover man I said
Truly,
I love you truly
Truly,
I love you truly
Really, i want you near me
Really, if you should hear me
Cause you don't know like i know baby
You've got to change your plan
Cause i need you, just to be my man
Truly,
I love you truly
Truly,
I love you truly
Truly,
I love you truly
Truly,
I love you truly
