

What's Wrong (Go Away) [feat. T-Pain]

Jennifer Hudson

Go away, go away I've got this feelin' today
A feelin' I ain't never felt before
And it came from you
So that means you can make it go away, make it go away And I don't like the way
You've been hangin' around with your face on the ground
What's the deal?
Can you make it go away, make it go away? What's wrong with my baby?
What's wrong with me?
What's wrong with us?
What's wrong with we?
'Cause every time we try to talk and turn this thing around
Tell me what's the deal and then I try to work it out
Is it you? Is it me? Is it us? Is it we?
We've been through so much pain
Baby calm down, no way Believe it or not you got me feelin' this way
And I never ever felt this way before
Didn't expect that from you
You tryna make me go away And I don't like the way
We keep on fussin' and fighting about yesterday and last night
That's old news, we need to be strong
But you're makin' me go away, go away What's wrong with my baby?
What's wrong with me?
What's wrong with us?
What's wrong with we?
'Cause every time we try and talk you turn this thing around
Tell me what's the deal and then I try to work it out
Is it you? Is it me? Is it us? Is it we?
We've gone through so much pain Now, now let's stop playin' these games
If we gonna make it work, let's just act our age
Girl, I'm hearin' everythin' that you say
But I don't wanna make you go away, make you go away I know I act like I don't care, I'm just
tryna play it cool
But if we keepin' actin' this way
Then that would make us both some fools
All the hurt and the lies and the pain
It'll make it go away, make it go away What's wrong with my baby?
What's wrong with me?
What's wrong with us?
What's wrong with we? See every time we try to talk and turn this thing around
Tell me what's the deal and then we'll try to work it out
Is it me? Is it us or is it, is it, is it we?
