

# Evidence

## Jimmy Eat World

Follow you around 'til it's time, time to leave  
Swimming into the idea of your scene  
There, all the while proving patiently  
I earned to lie by you when you fall asleep  
Hang up a sheet  
Between our things  
Won't have to see  
Evidence, evidence  
I watched you put on a dress I'd never seen  
Something that begged for East Atlantic breeze  
There, all the while hated quietly  
There, just to see a smile, anything  
Hang up a sheet  
Between our things  
Won't have to see  
Evidence  
You did what you did  
The memory lives  
Nothing cleans  
Evidence, evidence  
Hang up a sheet  
Between our things  
Won't have to see  
Evidence  
You did what you did  
The memory lives  
Nothing cleans  
Evidence, evidence  
Evidence, evidence, evidence
