

# Your Plan

Dustin Lynch

Hello, it's been too long  
My fault I haven't called  
Thank you for picking up the phone I've been swimming around  
Trying hard not to drown  
Waiting on my life calling to sound And I'm hangin' on best as I can  
Cause I know this whole crazy ride's in Your hands  
It's Your plan This is my white flag wave  
This is me handing you the reigns  
I know You can steer my hurricane And I'll hang on best as I can  
Cause I know this whole crazy ride's in Your hands  
It's Your plan  
It's Your plan  
So I'll hang on the best as I can  
Best as I can  
Cause I know this whole Crazy ride's in Your hands  
It's Your Plan
