

# Grown Up

## No Wyld

I don't really want to grow up like this  
I don't really want to give up like this  
I don't really want to move up like this  
I don't really want to fail one more time  
It's hard to be living like me  
But I go, I go  
I don't really want to grow up like this  
I don't really need to give up like this  
I'm not really trying to move up like this  
I don't really want to get lost like this  
It's all fate, every day  
It's not right, not right  
Dream of the day I change all of this  
I don't really want to move on like this  
Wait until the day I pass all of this  
I'm not really trying to grow up like this  
They all say keep living this way  
But I won't, I won't  
Wasting time now  
Making money now  
And spending money, wasting time  
It's a runaround  
Look back, see time is a treasure  
How long have I waited  
Just to come around  
(Yeah, yeah)  
I'm not talking about [?]  
I'm not wasting time, make moves  
If I cross a line, it moves  
I just need to live, can I live  
I just need some time, need to think on my own  
This a type of thing that I do in my zone  
Get the lights down low so the world don't know  
[?] my mind flow, go-oh-oh  
I don't really want to grow up like this (grow up like this)  
I don't really want to give up like this (give up like this)  
I don't really want to move up like this (move up like this)  
I don't really want to fail one more time (fail one more time)  
It's hard to be living like me  
But I go (I go, I go, I go)  
I go (I go, I go, I go)  
I don't really want to grow up like this (grow up like this)

I don't really need to give up like this (give up like this)  
I'm not really trying to move up like this (move up like this)  
I don't really want to get lost like this (Yeah)  
It's all fate, every day  
It's not right (not right, not right, not right)  
Not right (not right, not right, not right) I just wanna go  
To a place where I belong  
It's what I'm fighting for  
I just wanna know  
If you're gonna help me out  
Or if you're going to slow me down (down, down, down) I don't really want to grow up like this  
(I just wanna know)  
I don't really want to give up like this (give up like this)  
I don't really want to move up like this (move up like this)  
I don't really want to fail one more time (fail one more time)  
It's hard to be living like me  
But I go (I go, I go, I go)  
I go (I go, I go, I go)  
I don't really want to grow up like this (I just wanna go)  
I don't really need to give up like this (give up like this)  
I'm not really trying to move up like this (move up like this)  
I don't really want to get lost like this (Yeah)  
It's all fate, every day  
It's not right (not right, not right, not right)  
Not right (not right, not right, not right)  
I don't really want to grow up like this  
I don't really want to give up like this  
I don't really want to move up like this  
I don't really want to fail one more time  
It's hard to be living like me  
But I go, I go
