## MIKNNA

If I ain't the one for you
Done all I can for you
I gave it all for you
It's never enough for you
I'm so lostI need to pace it
Deep in the matrix, yeah
Weekends in Vegas
I need validation, yeah
We're speaking in phases
You're testin' my patience
Oh no, no, no no
I'm so lost
If I ain't the one for you
Done all I can for you
I gave it all for you
It's never enough for you
I'm so lostI need to pace it
Deep in the matrix
Weekends in Vegas
I need validation
We're speakin' in phases
You're testin' my patience
Oh no, no, no no, yeah
I'm so lost
Moët after Moët
Careful, might get the floor wet
O.P.M. girl you blowin'
Bad as fuck and you know it
On and on I wonder why I'm with you
Call it off or take a break
Should've known from the first issue
Think it's time to turn the page
Yeah, packin' out these shows
Keep my circle close
Leavin' on the road
Thinkin' back and forth
Actin' like that you with it, yeah
But I know you don't get it
Said you'd leave me alone
And you've been patient with me all week
Finally out on my own
But I know you're the one that I needI'm so lost

I'm so lost
I'm so lostIf I ain't the one for you
Done all I can for you
I gave it all for you
It's never enough for you
I'm so lostI'm so lost
