

# Rescue (feat. Delaney Jane)

## Zeds Dead & Dion Timmer

I got a confession  
You made a mess in my heart  
I see my reflection  
Just a stranger in the dark  
Picture perfect is it worth it  
I'm always getting trapped  
With the devil in my back  
Whispering that I deserve this  
But it's always you coming to my rescue  
After all that I've been through  
It's only you coming to my rescue  
It's only you, you coming to my rescue  
After all that I've been through  
It's only you coming to my rescue  
Coming to my rescue  
You, you coming to my rescue  
You, you coming to my rescue  
Spinning in circles  
We made a mess of this love  
You fell for a wild one  
Don't chase me when I run  
Picture perfect is it worth it  
I'm always getting trapped  
With the devil in my back  
Whispering that I deserve this  
But it's always you coming to my rescue  
After all that I've been through  
It's only you coming to my rescue  
It's only you, you coming to my rescue  
After all that I've been through  
It's only you coming to my rescue  
Coming to my rescue  
You, you coming to my rescue  
It's only you  
It's only you  
It's only you  
Coming to my rescue
