

# Miss Fortune

Aloe Blacc

## Chorus

I met a girl by the name of Miss Fortune  
Her dady was a very rich man  
He told me with sympathy: take caution  
If you wanna take my little girl's hand  
See money that I have might be good for something  
. to another  
And little Miss Fortune is short to become  
Unfortunately just like her mother  
I've seen her back when I was young and dumb  
I had a choice  
Before me and mama Fortune got wed  
Between riding a bus or driving a new Rolls Royce yeah  
And I decided what I wanted was the ...  
But the problem we're having in everything you want  
Is you never really know what you need  
Now Miss Fortune is as poor as little Debbie Toung  
And it's my fault so I suggest you take my heal/heatChorus  
So you met my little girl Miss Fortune  
And you know that I'm a very rich man  
I told you to preceed with caution  
If you wanna take my little girl's hand  
See money that I have might be good for something  
... To another  
And little Miss Fortune was short to become  
Unfortunately just like her mother  
Well I thanked Miss Fortune's father  
Said I understand  
But you're trying to talk me down  
Yes you are  
Listen here:  
You ain't have to bother
