

# Angel

Lionel Richie

I just want to tell you, all the things you are  
And all the things you mean to me  
When I find myself believing, there's no place to go  
When I feel the loneliness inside my heart You're the answer to my prayers and you're with me  
everywhere  
You're my angel, miracle, you're all I need tonight  
And give me shelter from the rain, you breathe life in me again  
You're my angel, miracle  
you're all I need to know, tonight Life is just a moment, we're blowing in the wind  
We're trying to find a friend  
And only time can tell us, if we win or if we lose  
And who will stand beside us When there's darkness all around me, you're the light I see  
Oh when I need someone to ease my troubled mind  
You're the answer to my prayers and you're with me everywhere  
You're my angel, miracle, you're all I need tonight  
Give me shelter from the rain, you breathe life in me again  
You're my angel, my miracle  
you're all I need to know, tonight yeah
