handsome. Bringin?it to you, top drop, what you figure? Told my gun, take over the nation,  
kickin?that gangsta, thugsta nigga. He a loose cannon on the trigger, clack back, put m in a  
maze always. Stack that penny and pack that gat, no hesitation when I put m on they back.  
Wanna play, they lay, he gets ziplocked. Gonna rip that flesh, buckshot kill. Pass the bodybags  
to the niggas from off St. Clair, leavin?us wig splitters. All of them feel us, let us rips. If you try  
us, don fuss, then nigga, now feel this. Nuttin?us with my steel. And real, all of my shit went
