

# Meant To Be

TLC

This goes out to forever  
TLCI said If I got nothing else  
I got memories of what we felt  
I sit up laughing to myself, sometimes, about it  
Those silly reasons we would fight  
But no matter who was wrong or right  
We were always right there  
Sharing this love, sharing this life 'Cause we knew, said we always know  
And no matter what would occur  
That we were, meant to be  
And it ain't gonna be easy  
No matter what, baby we're meant to be  
And we ain't never not know that we were always meant to be  
Meant to be  
And though it'll get dark sometimes we know  
Every now and then it's got to rain  
But when that rain starts to pound all you gotta do is turn around  
And you'll find me right there, holding you up, holding you down 'Cause we knew, said we  
always knew  
That no matter what would occur  
That we were, meant to be  
And it ain't gonna be easy  
No matter what, baby, we're meant to be  
And we ain't never not know that we were always meant to be  
Meant to be From the moment we met,  
Meant to be through the sorrow, through the stress  
Meant to be through life and through death  
Hey, we built a love that nothing can test  
Meant to be  
And it ain't gonna be easy (said it won't be easy no)  
That no matter what, baby we're meant to be (meant to be yeah)  
And we ain't never not know that we were always meant to be (we were al-)  
Meant to be (meant to be yeah) And it ain't gonna be easy (said it ain't gonna be easy)  
That no matter what, baby we're meant to be (we were, we were)  
And we ain't never not know that we were always meant to be  
(always meant to be yeah)  
Meant to be (yeah yeah yeah yeah) Meant to be  
And it ain't gonna be easy (said it ain't gonna be easy)  
That no matter what, baby we're meant to be (oh we were, we were)  
And we ain't never not know that we were always meant to be (always)  
Meant to be Always meant to be  
Yeah, ha ha
