Hit her on the elevator, why not (Why not)
Make the whole block hot (Block hot)

(Skrrt, skrrt) In the hot box (Skrrt, skrrt)
Right next to the chopper (Skrrt, skrrt)
And the thing go ratta (Buck, buck)
And the thing go ratta (Buck, buck)Came from the jungle
We hot but we humble
You want to reach out tell her
Just put down your number (brrrr)
If she's not a bad gyal, then I do not want her (Bo)
I like to try new things, but not with one woman (No)
Got to be three or four of 'em (Three)
We drippin' designer, but grind on the floor (Floor)
And I do not care what we drink just keep pourin' (pour)
Already know what she think, girl just go in (Go, go, go)
She 'bout to go to the dance hall (Hall)

Careful not to start no trouble
Oh, I try to keep it subtle
I don't meant to burst your bubble

Quavo loose, that's 'cause my body heard that
And I think I deserve, a lil' different tonightSlow it down and have a drink for a second
Come on get on my page for a second (Ay)
We're the ones have a thrill, make it messy (Yeah)
I just wanna show you something a lil' different (Yeah)
