

Human Centipede? Shotty Front!

Storm the Sky

Before the ends of the world meet
And opposites collide and sink
I'll show you what it means to live free from regret
Coward, you're running out of time
To make your mark or get left behind
This world doesn't owe you shit
It's up to you to make the most of it
Choose or be chosen
Choose or be chosen To the ones that will never
(Never, no never)
Be the best and the better
(I'll be the best I can be)
For now and forever (stay by my side)
I can't believe such a beautiful creation was so wrong in oh so many ways
Through all the choices that I've made
You'll find my legacy's engraved in stone
No, nothing's set in stone
The quicker that you learn that
The faster we move on
Leave the past right where it belongs
What's done is done
What's done is done
If you come at me you'll be on your knees
