Ella Mai

I don't know what's living in my body
'Cause I don't recognize a thing about it
That don't even matter, I'm just glad I got into the party
So I can feel your music in my body
'Cause you the only out of everybody
Who can deal with all my ways
I know I got some ways
But you control the flames
So I just wanna stay right here with youIt could be a room full of people, you still on my side
Look at how the whole world is searching, but I got mine
It's emotional, uncontrollable, all I think about is you
So if the tears wanna flood in my gates, let the water flow
Just let it fall out from my face
'Cause I never thought I'd ever hear me say
I just can't breathe without my baby
Ooh, you my baby
So come and kiss up on me
As we dance close
Come and kiss up on me slow
As we dance closeI don't even care, I'm nosey
Just keep me there, keep me in the moment
Seen a lot of things, but I never seen my spirit glowing
The way you do me got me outta body
'Cause you the only out of everybody
Who gon' go out of the way to show me all the ways
Can't control the flame
I just wanna stay right here with you
It could be a room full of people, you still on my side
Look at how the whole world is searching, but I got mine
It's emotional, uncontrollable, all I think about is you
So if the tears wanna flood in my gates, let the water flow
Just let it fall out, out from my face
I never thought I'd ever hear me say
I just can't breathe without my baby
Ooh, come here, babySo you can kiss up on me
As we dance close
Come and kiss up on me slow
As we dance close
So you can kiss up on me
As we dance close
Come and kiss up on me slow
As we danceJust let it fall out, out of my face

I never thought I'd ever hear me say
I just can't breathe without my baby
Ooh, come here, babSo you can kiss up on me
As we dance close
Come and kiss up on me slow
As we dance close
As we dance close
Come and kiss up on me slow
As we dance closeI, inner, I bring to you through words I sing. My flaws, my dreams, and all from within. I am Ella Mai.
