

Lottery

Dinah Jane

I be frontin' to the public, I'm a freak though
Talkin' dirty to my man, but only he know
He call me out said "Girl, I know you ain't no angel"
Whatchu mean, whatchu mean, tryna keep this image clean
Classy, ratchet on the scene in the
back of the limousine
Whatever happen stay between us, I'll give you a reason
You better take off his halo
I'm in the mood to get sinful (Yeah)
So put your lips on my waist, tell by the look on your face
So addicted to the taste, yee
Tell me sumn, tell me I'm trouble (Trouble)
Tell me sumn, like I don't know, know (Ooh)
Lottery
You might have won the lottery
You cashin' out with every part of me
You might have won the lottery, yeah
It ain't no secret when we are alone
Put in that nasty when we make it home
Lottery
You might have won the lottery, yeah
I'm a lady, but there's more levels to my love
From the streets up to the sky in the mile high club
He called me out said, "Girl, I know you ain't no saint" (Ain't no saint)
Privacy, privacy, only you can get to see
Feel it, touch me, got me weak, undercover in the
sheets
Whatever happens stays between us, I'll give you a reason
So put your lips on my waist, tell by the look on your face
So addicted to the taste, yee
Lottery
You might've won the lottery (You just won, you just won)
You cashin' out with every part of me (Mm)
You might've won the lottery, yeah
It ain't no secret when we are alone
Put in that nasty when we make it home
Lottery
You might have won the lottery, yeah
Whatchu mean? Whatchu mean? Trying to keep this
image clean
Classy, ratchet on the scene, in the back of the limousine
Whatchu mean? Whatchu mean? Trying to keep this image clean
Classy, ratchet on the scene (On the scene)
You better take off his halo (Better take off this halo)
I'm in the mood to get sinful (Yeah, I know what you came for)
Lookin' like your lucky day

Give you the things that you crave
Let's see how much you can take (Yeah) Lottery
You might've won the lottery (Cashin' every part of me)
You cashin' out with every part of me (Yeah)
You might've won the lottery, yeah (Ooh)
It ain't no secret when we are alone (Secret when we are)
Put in that nasty when we make it home (Keep it nasty when we make it home)
Lottery (Oh)
You might have won the lottery, yeah (Ooh) Secret when we all alone (Oh)
Keep it nasty when we make it home
Yeah
Secret when we all (Mm)
Secret when we all
