

Heavy Weight

Wolfmother

was standing on the edge of the mountain
Thinking about yesterday
I recognized what you said
I think I heard you say
I saw you flying, flying
So high in the sky I need to contemplate
Whoa, Heavy weight
I need to contemplate
Whoa, Heavy weight
I was standing on the edge of the mountain
Thinking about yesterday
I thought I heard somebody saying, just what you said
I saw you flying so high in the sky I need to contemplate
Whoa, Heavy weight
I need to contemplate
Whoa, Heavy weight
I need to contemplate
Whoa, Heavy weight
I need to contemplate
Whoa, Heavy weight
