

More Than You'll Ever Know (feat. Charlie Wilson)

Boyz II Men

I know a lot of years have passed us,
But I still love you more than you'll ever know
There was a time I thought it wouldn't last, us
And baby how I felt I didn't show
Sometimes I took you for granted
And thought that you would understand it
But through it all, we managed to make it through tough times
No, I cant imagine not having you by my side
Everything you are and all you do
I am still in love with you More than you ever know
Just like the stars in a 1000 skies
More than you ever know
Deeper than a place where the ocean floor lies
You are still number one in my eyes
Until this day I still get butterflies
Know that I love you more than you'll ever know
Sometimes I watch you sleeping
Kiss you and fall in love all over again
In the morning when your leaving
I start to miss my best friend
Your my better half, like a twin
You complete my words when I begin
We dont have to be validated, with love we'll always make it
No I cant imagine not having you by my side
Everything you are and all you do
Im still in love with you More than you ever know
Just like the stars in a 1000 skies
More than you ever know
Deeper than a place where the ocean floor lies
Your still number one in my eyes
Until this day I still get butterflies
Know that I love you more than you'll ever know
See I don't never wanna be without you
To me your one of a kind
Your my everything
Girl you are my sunshine
You stood with me, behind me through tough times
So glad that you are mine
Knowing you are my ride or die
I love you More than you ever know

Just like the stars in a 1000 skies
More than you ever know
Deeper than a place where the ocean...
You are still number one in my eyes
Until this day I still get butterflies
I love you more than you ever know
