The Past (feat. Chris Daughtry)

Sevendust

Beneath the water
that's falling from my eyes
lays a soul I've left behind
the edge of sorrow was reached but now I'm fine
I've filled the hole I had insideI'll pray it doesn't scream my name
so I light a flame and let it breathe

the air that kills the shameI'm up I'm down

like a rollercoaster racing through my life
I've erased the past again
a risky morning
I feel like I'm alive

I can't believe I've made it through this time the edge of sorrow I lived in for some time (lived in for some time)

has left the hole I have insideThe burden is I try my hate was the last thing I ever felt or thought I could escapeI'm up

I'm down

like a rollercoaster racing through my life
I've erased the past againYou let me in then broke me down
the difference is this time around
I will not let you see me try

I'm up

I'm down

like a rollercoaster racing through my life
I've erased the past againErased the past again now
Erased the past againBeneath the water
that has fallen from my eyes
